## PROFILE SCAN

### Experience

---

**Senior Software Engineer** with over 7+ years of experience in IT, mainly skilled in Angular JS.

- 8 Months in Angular 9 from Mirafra Technologies (AMD onsite).
- 3.3 Years' Experience in Angular 9 from Onward Technologies (Caterpillar onsite).
- 2.2 Years' Experience in AngularJS, NodeJS from Sify Technologies.
- 1.7 Years' Experience in PHP from M-Sphere Information and Technology.

## **Additional Courses**

---

- Completed PHP Expert Programming from RIT InfoTech Solutions, Chennai.
- A+, N+, CCNA Courses from IIHT, Chennai.

## **Projects**

---

### **Developed in Miraфра Technologies (AMD onsite)**

**Product/ Tool:** HDT (Hardware Debug Tool)

**Key Technologies:** HTML5, CSS3, Angular9, Angular Material.

**Description:**

**HDT** tool to help you closely observe your code in execution, so that you can remove the bugs errors in it and it monitor program structure, functions and list files for programming the target processor.

We convert this tool into visual studio code extensions and preview as web app.

### **Developed in Onward Technologies (caterpillar onsite)**

**Product/ Tool:** ESMS, VPD, Hammer selection Tool

**Key Technologies:** HTML5, CSS3, Angular9, Angular Material.

**Description:**

**ESMS** (Engineering services management system) is a .net application that runs for more than 13 years in CAT industry.

The job is to convert the legacy application to Angular project that has a dashboard with all the details of each employee, based on their login such as Graphs, charts, Grids etc.

The have a complex menu structure were divided in to horizontal and vertical menu with help of material design.

The project mainly on how to create a project/part and based on the workload those projects will be Assigned/ Reassigned to the employee of (Internal/External/Audit) once it gets resolved we move to signoff.

**VPD** is website that has all the details for CAT development tool, we used angular material to bring visually attractive to the customers and for easy access. It has a basic API that counts the number of visits on the page and keywords that employees search on.

**Hammer Selection Tool** is an inventory management system, that has a unique material design. We keep material grid as major part where each and every field consists of form fields and it has tree structure menu on inner grid concepts.

## **Developed in Onward Technologies (Client: GE – General Electric Oil and Gas)**

**Tool:** DTS, IBST

**Key Technologies:** HTML5, CSS3, Angular6, Angular material, NodeJS, MySQL, Json.

### **Description:**

**IBST** is a tool that helps to search/crop/cut images and upload those images in different folders, you can create a multiple sub folders and upload images in this tool, it has a responsive design.

**DTS** an inventory management system, that has Angular grids/charts and graphs.

We create pdf and generate graph based on the report.

## **Developed in Sify Technologies**

**Product:** Sify Aakaash

**Key Technologies:** HTML5, CSS3, AngularJS, NodeJS, MySQL, Json.

### **Description:**

**Sify Aakaash** is a web application, helps to monitor network traffic, we used a responsive dashboard that has the number of devices up/down status. We have number of modules, graphs/charts that helps network engineers to identify the router/switches traffic.

We implement lazy loading as this application has an large modules, which helps customers to access the application in ease.

## **Developed in M-sphere Information and Technology**

**Website :** Affluential Website, OnGo ERP Tool, M-sphere Website

**Key Technologies:** HTML5, CSS3, JS, PHP, MySQL.

## **MY WORK**

- Personal Profile: [www.jjey.in](http://www.jjey.in) – (Including Logo Design)

## **PERSONAL SKILLS**

- Good Problem-Solving Abilities.
- Excellent Verbal & Written Communication.
- Willingness to learn & implement new technologies.
- Self & Proactive Learner.
- Good Team Player & determined at work.

## EDUCATIONAL QUALIFICATION

- **Master of Computer Applications** with 83.05% from **Dhanalakshmi college of Engineering** in 2014.
- **Bachelor of Computer Science** with 69.9% from **Don Bosco Arts & Science College** in 2011.
- **HSC** in **Don Bosco Matriculation Higher Secondary School** in 2008.
- **SSLC** in **Don Bosco Matriculation Higher Secondary School** in 2006.

## PERSONAL DETAILS

Date of Birth : 17/05/1991.

Address : No: A-5 New Police Quarters,  
Near SBI,  
Dharmapuri-636701.

Language known: Tamil, English.

## DECLARATION

I hereby declare that the above written are true to the best of my knowledge and belief.

Date:

Place: Chennai
